

# Plastic Interlocking Barrier 15-1/2 In. x 59 In. x 40 In. Red

## MODEL PHR-R

Protective Barriers / Plastic Interlocking Barriers

### PRODUCT OVERVIEW

Plastic interlocking barriers will not rust and will retain attractive appearance. Reflective red tape provides better identification at night. Barrier ends include connectors for interlocking multiple units. The non-removable feet come pre-filled with sand for weight ballast. Feet can be rotated to allow for barriers to be stacked. Manufactured from hope material and includes UV stabilizer for longer life. Ships and stores assembled.

### KEY FEATURES

- Plastic handrail barrier has non-removable feet that come pre-filled with sand for weight ballast
- Includes connectors for interlocking multiple units end-to-end
- Reflective red tape provides for better identification at night
- Manufactured from high-density Polyethylene which includes UV stabilizer for longer life
