

# Steel Horizontal Roller Stand 29 In. to 39-1/8 In. Raised Height 1,760 Lb. Capacity Gray

## MODEL STAND-G-H

Ergonomic Solutions / Deluxe Roller Stands

### PRODUCT OVERVIEW

The deluxe roller stand is designed for use as an extra hand when working with long materials. Each stand includes chrome plated rollers and heavy-duty cast-steel base. This deluxe roller stand is a flat single roller design. The height of each stand is adjusted with a friction lock screw or a gas charged cylinder. The unit is great for use in machine and wood shops and also includes a counter balance mechanism. Models utilize a gas charged cylinder for maximum efficiency and precise positioning. The gas cylinder minimizes adjustment time and limits manual interaction with the unit.

### KEY FEATURES

- Easy height adjust for different leveled machines
- Light weight construction is easily moved from one location to another
- Handy design is used as an extra hand when working with long materials
- Cast steel base provides a solid reliable base
